

Questionnaire 1 'The Big Ask': Survey for 4-5 year olds

We're going to ask you about what you think as a parent, guardian or carer, is important for your child's future and what you think is holding them back.

Once you have answered some short questions the survey will then ask you to hand over to your child, so that they can answer some simple and fun questions about what they like to do.

Everything you and your child tell us will be kept private, and you don't have to answer any question if you don't want to.

If you have more than one child aged 4-5 who would like to answer this survey, please fill out the survey independently for each of them.

Section 1 - Parent Questions
